In common with standard industry practice, should it become clear during the building of the ship that it will be possible to take delivery earlier than currently scheduled, there may be a short 'Proving Voyage' offered for sale (as was the case back in 1969 with QE2). Should we be advised that a 'Proving Voyage' will be possible, we will publicise it for sale. This short voyage would ensure that the ship is fully ready for her Maiden Voyage, the first voyage after her naming ceremony. Ship's Registry: Great Britain © 2009 Cunard.
